Subject: RE: UW and NOAA Data follow-up

Thanks Jill – Cheryl knows Bill Peterson and Francis quite well but she is out this week (in start of next week).

Subject: UW and NOAA Data follow-up

Hi all,

I followed up with Simone Alin regarding our data requests of NOAA and UW, and attached are the answers I received (in bold). Basically, we have all the data for right now. The new 2016 data will likely be available later in the fall. So, we should proceed with analyzing what we have, incorporating the one new point in OR. She will be out until the end of Aug, so I suggested that I would try to schedule a meeting in early Sept during which we could run our interpretations by them. Is that timing ok? I know folks are out a lot in Aug. If not, let me know, and we'll push it back. Thanks so much and let me know if you have questions about my notes.

jill
